Permit: RCRA Application – Interim Status

To Whom It May Concern:

This letter is to notify you that Siemens Water Technologies Corp., the holder of the above-referenced permit, will be merged into Siemens Industry, Inc., which is presently Siemens Water Technologies Corp.'s parent company. Siemens Water and Siemens Industry are part of the Siemens family of companies, ultimately owned and controlled by Siemens A.G., a publicly held company headquartered in Germany. As part of a corporate consolidation designed to reduce the number of legal entities and streamline Siemens' global operations, the companies will merge on April 1, 2011. Thus, this is an intercompany merger and not a change in "ownership and control" as Siemens Water is being merged into its current corporate parent, which will thereafter continue within the Siemens family of companies. The title of the above facility will become solely that of Siemens Industry, Inc.

Specifically, Siemens is requesting to change the company Owner and Operator name on the pending RCRA Part B application from Siemens Water Technologies Corp. to Siemens Industry, Inc. to reflect the name change. Please note, a copy of the amended Letter of Credit and amended Trust Agreement showing the new corporate name will be provided under separate covers after the merger on April 1, 2011. If you have any questions, please do not hesitate to contact me at (928) 669-5758.

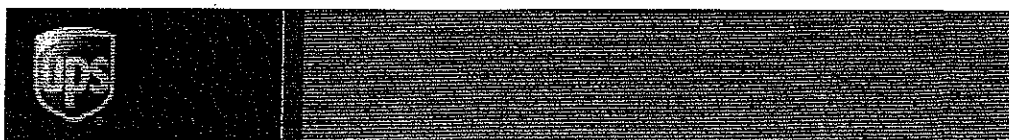

Sincerely,

Mr. Todd Guimond
